Dear Mpho

Thank you so much for letting us visit you. I was really happy when I saw how well the dogs and cats were being washed and taken care of.

I enjoyed holding the kittens but one of them was starting to crawl out of my hands.

I loved playing with the two Huskies.

The song that we sang was so cool.

I hope that one day I can adopt a dog or a cat.

I loved the slide show.

I hope that all of the abandoned dogs and cats can find a home.

Yours sincerely
Kim
