Dear Mpho

Thank you so much for letting us visit you. I really liked the little dogs. I was really happy when I saw how well the dogs and cats were taken care of.

I enjoyed holding the little kittens. I was a bit scared of holding them incase they were going to scratch me. There were two that I liked romino and muffin. I was sad when we had to leave. There at that moment I thought I would like to adopt a pet. I also liked the huskies. I loved every thing about it. I wish some more people would adopt.

Yours sincerely  
Shannon.
